# POZDRAVNA REČ WELCOME NOTE

---

Poštovane kolegice i kolege,

U ime Predsedništva Udruženja gastroenterologa Srbije i Organizacionog odbora, sa velikim zadovoljstvom Vas pozivamo da uzmete učešće u "Petom kongresu gastroenterologa Srbije". Ovaj najveći nacionalni skup gastroenterologa Srbije sa međunarodnim učešćem će se održati u Beogradu, od 28. do 30. septembra, 2023. godine u Hotelu "Crowne Plaza".

Kongres će okupiti veliki broj predavača iz: Srbije, Belgije, Bosne i Hercegovine, Grčke, Italije, Izraela, Nemačke, Španije, Sjedinjenih Američkih Država, Slovenije, Severne Makedonije, Hrvatske, Crne Gore.

Rad kongresa biće organizovan kroz plenarne sesije, od plenarnih predavanja preko odabranih najznačajnijih tema iz endoskopije, inflamatornih bolesti creva, hepatologije, gornjih i donjih partija digestivnog trakta, do poster sesija i prikaza radova mladih gastroenterologa regiona i Evrope.

Očekujemo preko 400 učesnika iz Srbije, regiona i cele Evrope različitih specijalnosti: internista, gastroenterologa, hirurga, radiologa, pedijataru i svih ostalih koji žele da prošire svoja saznanja.

Verujemo da će ovo biti sjajna prilika za razmenu ideja, iskustava, saznanja kao i za sklapanje novih prijateljstava i učvršćivanje starih.

Kongres je akreditovan od strane Zdravstvenog saveta Srbije, kao i od EACCME.

Dobro došli u Srbiju, njenu prestonicu Beograd, nadaleko poznatu po gostoprimstvu i šarmu!

S poštovanjem,

**Prof. dr Aleksandra Pavlović Marković**

Predsednik Organizacionog odbora kongresa  
Predsednik Udruženja gastroenterologa Srbije

**Prof. dr Srđan Đuranović**

Predsednik Naučnog odbora kongresa

# POZDRAVNA REČ WELCOME NOTE

---

Dear Colleagues,

On behalf of the Organizing Committee and the Presidency of the Association of Serbian Gastroenterologists, it is our great pleasure to officially invite you to The Fifth Congress of Gastroenterologists of Serbia. The most important national gathering of the Serbian gastroenterologists with international participation will be held in Belgrade, from September 28<sup>th</sup> to 30<sup>th</sup>, 2023 at the Crowne Plaza Hotel.

This Conference will gather numerous distinguished lecturers from: Serbia, Belgium, Bosnia and Herzegovina, Greece, Italy, Israel, Germany, Spain, United States of America, Slovenia, North Macedonia, Croatia and Montenegro.

Congress will be organised through plenary sessions, from plenary lectures to the most important endoscopy, inflammatory bowel disease, hepatology, upper and lower GI topics, to the poster sessions and presentations of the young gastroenterologists of the region.

We are expecting more than 400 participants of various specialties: internists, gastroenterologists, surgeons, radiologists, pediatricians and all others who want to expand their knowledge.

We believe that this will be a great opportunity for the exchange of ideas, experiences, knowledge, as well as for establishing new friendships and future collaborations.

The Congress is accredited by the Health Council of Serbia, as well as by the EACCME.

Welcome to the Serbian capital, Belgrade, widely known for its hospitality and charm!

Respectfully,

**Professor Aleksandra Pavlović Marković**  
**MD, PhD**

President of the Congress Organizing Committee  
President of The Association of Serbian Gastroenterologists

**Professor Srđan Đuranović**  
**MD, PhD, FEBGH**

President of the Congress Scientific Committee

# AKREDITACIJA ACCREDITATION

---

Zdravstveni savet Srbije

„Peti kongres gastroenterologa Srbije“ je akreditovan od strane Zdravstvenog saveta Srbije kao „Nacionalni kongres sa međunarodnim učešćem“, evidencioni broj A-1-1652/23 sa sledećim brojem bodova:

15 bodova za predavače,  
13 bodova za usmene prezentacije,  
11 bodova za poster prezentacije radova,  
10 bodova za slušaoce Kongresa

NAUČNI PROGRAM KONGRESA  
SCIENTIFIC PROGRAM OF THE CONGRESS10:00 - 10:45 OTVARANJE KONGRESA  
OPENING CEREMONY

STATE OF THE ART 10:45 - 11:15  Thomas Rösch Šta je novo u endoskopiji?  
What's new in endoscopy?

SESIJA 1. IZAZOVI U HEPATO-BILIJARNOJ ENDOSKOPIJI  
SESSION 1. CHALLENGING DECISIONS IN HEPATO-BILIARY ENDOSCOPY

11:15 - 12:45 Moderator/Chairs: Ivan Jovanović, Rusmir Mesihović, Srđan Đuranović, Aleksandra Pavlović Marković

11:15 - 11:30  Mario Tadić Pankreasne ciste: Šta bi svaki gastroenterolog trebalo da zna?  
Pancreatic cysts: What all GI doctors need to know?

11:30 - 11:45  Stanko Petrović WON - vreme je da kažemo zbogom hirurgiji  
WON - time to say goodbye to surgery

11:45 - 12:00  Marianna Arvanitakis Za šta se odlučiti, EUS-ERCP?  
EUS-ERCP fight club

12:00 - 12:15  Aleksandar Knežević Tretiranje komplikovane kalkuloze  
The difficult stone management

12:15 - 12:30  Hajrija Mujović Pravno-medicinski aspekti endoskopije  
Medico-legal issues in endoscopy

12:30 - 12:37  Stefan Stojković Adenokarcinom pankreasa u trudnoći: prikaz slučaja  
Pancreatic adenocarcinoma in pregnancy: a case report

12:38 - 12:45  Nemanja Plečić Zbrinjavanje perforacija povezanih sa ERCP-om – iskustvo jednog centra  
Management of ERCP-related perforations - a single center experience

12:45 - 13:45 Satelitski simpozijum  
Satellite symposium

13:45 - 14:45 Ručak  
Lunch

SESIJA 2. VIRUSNI HEPATITISI  
SESSION 2. VIRAL HEPATITIS

14:45 - 16:15 Moderator/Chairs: Petar Svorcan, Kalina Stardelova, Mirjana Stojković, Tatjana Cvejić Pašić

14:45 - 15:00  Milica Stojković Lalošević Uloga kortikosteroida u lečenju akutnog virusnog hepatitisa  
Corticosteroids role in the treatment of acute viral hepatitis

15:00 - 15:15  Tatjana Cvejić Pašić Procena fibroze u virusnim hepatitisima  
Fibrosis assessment in viral hepatitis

15:15 - 15:30  Azra Husić Selimović Monitoring HCV infekcije tokom i nakon lečenja  
Treatment and post-treatment monitoring in HCV

15:30 - 15:45  Goran Bjelaković Direktni antivirusni agensi u lečenju hroničnog hepatitisa C  
Direct acting antivirals as a treatment of choice in chronic hepatitis C

15:45 - 16:00  Đorđe Čulafić Transplantacija jetre kod hroničnih virusnih hepatitisa  
Liver transplantation in chronic viral hepatitis

16:00 - 16:07  Nina Pejić Uticaj transplantacije jetre na kvalitet života  
Impact of liver transplantation on quality of life

16:08 - 16:15  Marko Vojnović Primena encephal app stroop testa u proceni minimalne hepatične  
encefalopatije kod pacijenata sa cirozom  
Encephal app stroop test in the evaluation of minimal hepatic  
encephalopathy in patients with cirrhosis

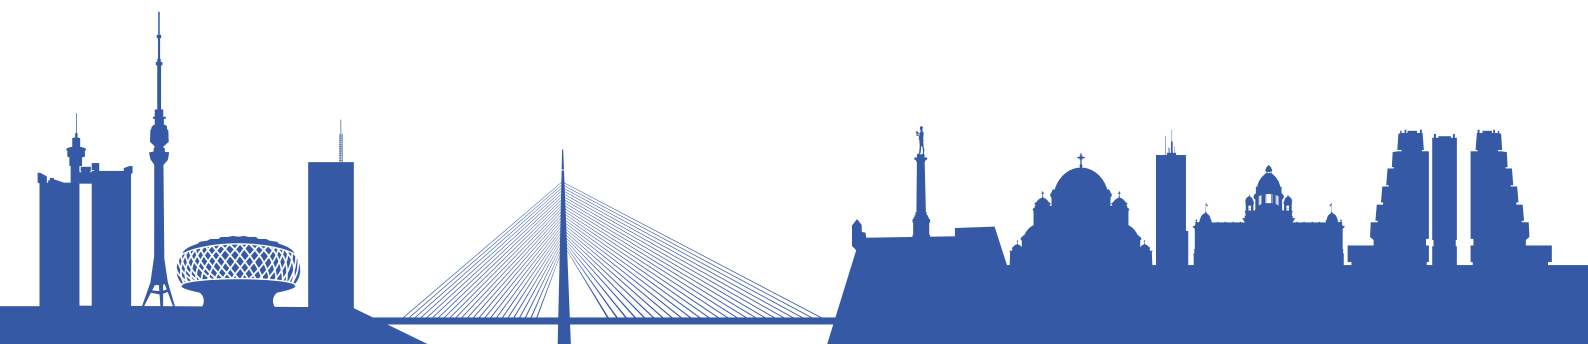

16:15 - 16:45 **Satelitski simpozijum**  
**Satellite symposium**

16:45 - 17:15 **Kafe pauza**  
**Coffee break**

**SESIJA 3. SCREENING I RANO OTKRIVANJE DIGESTIVNIH MALIGNITETA**  
**SESSION 3. SCREENING AND EARLY DIAGNOSIS OF GI MALIGNANCIES**

17:15 - 18:45 *Moderatori/Chairs: Predrag Dugalić, Slobodan Srećković, Stevan Trbojević, Nenad Vanis*

17:15 - 17:30	 <b>Bojan Tepes</b>	EUROHELICAN - Prva evropska studija prevencije karcinoma želuca EUROHELICAN - The first primary gastric cancer prevention study in EU
17:30 - 17:45	 <b>Milan Stefanović</b>	SVIT- rezultati Slovenačkog nacionalnog programa za rano otkrivanje i prevenciju kolorektalnog karcinoma Results of fourteen years of the Slovenian national program for the early detection and prevention of colorectal cancer - SVIT
17:45 - 18:00	 <b>Predrag Dugalić</b>	Novine u ranom otkrivanju i dijagnozi Baretovog jednjaka Updates in screening and diagnosis of Barrett's esophagus
18:00 - 18:15	 <b>Irina Brčerević</b>	Značaj prisustva supresorskih ćelija mijeloidnog porekla kod bolesnika sa sporadičnim kolorektalnim karcinomom Significance of suppressor cells of myeloid origin in sporadic colorectal cancer
18:15 - 18:30	 <b>Sanja Dragašević</b>	Skining i rano otkrivanje karcinoma pankreasa Screening and early detection of pancreatic cancer
18:30 - 18:37	 <b>Sanja Zgradić</b>	Razlike među polovima u broju obolelih, karakteristikama kolorektalnog karcinoma i karakteristikama pacijenata - iskustvo tercijarnog centra Differences between genders in the number of patients, characteristics of colorectal cancer and characteristics of patients - experience of a tertiary center
18:38 - 18:45	 <b>Katarina Janković</b>	Kliničke i patohistološke karakteristike ranog kolorektalnog karcinoma - iskustvo iz našeg centra Clinical and pathological features of early-onset colorectal cancer - experience from our centre

**SESIJA 4. ŠTA JE NOVO U TERAPIJI IBC?**  
**SESSION 4. NEW APPROACHES IN IBD THERAPY**08:30 - 10:00 *Moderatori/Chairs: Aleksandra Sokić Milutinović, Dino Tarabar, Olgica Latinović Bošnjak, Ivana Jovičić*

08:30 - 08:45	 Iris Dotan	Terapijski cilj u lečenju IBC danas-čemu da težimo? Therapeutic targets in IBD-what should we strive for?
08:45 - 09:00	 Marla Dubinsky	Individualizovani pristup lečenju pacijenata sa IBC - šta bi trebalo da znamo? Individualized therapeutic approach to patients with IBD - what we need to know?
09:00 - 09:15	 Aleksandra Sokić Milutinović	Novi molekuli u lečenju IBC New molecules in IBD therapy
09:15 - 09:30	 Dino Tarabar	Sekvencioniranje terapije-kad i kako? Therapy sequencing-when and how?
09:30 - 09:45	 Corey Siegel	Kome i kada možemo prekinuti terapiju? When and in which patients can we stop the therapy-exit strategies?
09:45 - 09:52	 Nebojša Janjić	Povezanost HLA-DQA1*05 alela sa razvojem antitela kod bolesnika sa inflamatornim bolestima creva lečenih anti-TNF terapijom Association of HLA-DQA1*05 allele with antibody development in patients with inflammatory bowel diseases treated with anti-TNF therapy
09:53 - 10:00	 Miloš Lukić	Kvalitet života kod pacijenata sa inflamatornim bolestima creva na biološkoj terapiji u Crnoj Gori pre i u toku Covid-19 pandemije Quality of life in patients with inflammatory bowel disease on biological therapy in Montenegro before and during the Covid-19 pandemic

Imunski uzrokovan kolitis kao posledica lečenja nesitnoćelijskog karcinoma pluća atezolizumabom - prikaz slučaja  
Immune-induced colitis as a consequence of treatment of non-small cell lung cancer with atezolizumab - case report

**04. Čogurić Vidak**

Mezenhimalne matične ćelije u lečenju refraktorne kompleksne perianalne fistule Kronove bolesti  
- prvo iskustvo iz Crne Gore - prikaz slučaja  
Mesenchymal stem cells in the treatment of refractory complex perianal fistulising Crohn's disease  
- first experience from Montenegro - a case report

**05. Čalić Vanja**

Stroop test kao metod za detekciju minimalne hepatične ecefalopatije  
Stroop test as a method of detecting minimal hepatic encephalopathy

**06. Čeranić Sanja**

Uticaj ishrane na terapijski režim biološke terapije kod dece sa inflamatornim bolestima creva  
Impact of nutrition on the therapeutic regimen of biological therapy in children with inflammatory bowel disease

**07. Dejanović Božidar**

Prognostički značaj odnosa hematoloških parametara na ishod lečenja hospitalizovanih bolesnika sa dekompenzovanom alkoholnom cirozom jetre  
Prognostic significance of hematological parameter ratios in the outcome of treatment in hospitalized patients with decompensated alcoholic liver cirrhosis

**08. Dragašević Sanja**

Status selena u inflamatornoj bolesti creva i njegova povezanost sa prisustvom umora  
Status of selenium in inflammatory bowel disease and its association with fatigue occurrence

**09. Dukić Marija**

Da li su pacijenti sa inflamatornim bolestima creva i dodatnim komorbiditetima u povećanom riziku od teške forme SARS-CoV-2 infekcije?  
Are patients with inflammatory bowel disease and additional comorbidities at increased risk of severe SARS-CoV-2 infection?

**10. El Mezeni Jasna**

Fekalni mikrobiom u starenju - studija preseka  
The faecal microbiome in aging - a cross-sectional study

**11. Erceg Sanja**

Ekspresija cirkulišuće mikro RNK-21-5p (mir-21-5p) kod pacijenata sa nealkoholnom masnom bolešću jetre  
Expression of circulating micro RNA-21-5p (mir-21-5p) in patients with non-alcoholic fatty liver disease

**12. Gaćinović Marijana**

Spektar autoimunih bolesti jetre - iskustvo našeg centra  
The spectrum of autoimmune liver diseases - the experience of our center

**13. Glisic Tijana**

Postoji li benefit od korištenja neinvazivnih sistema bodovanja u predviđanju varikoziteta jednjaka kod bolesnika sa cirozom jetre?  
Is there a Benefit of using Non-Invasive Scoring Systems in the Prediction of Esophageal Varices in Patients with Liver Cirrhosis?

**14. Gmizić Tijana**

Uticaj probiotika na mikrobiotu kod pacijenata sa post-COVID simptomima - prikaz rezultata istraživanja sa našeg centra  
The probiotics impact on the microbiota in patients with post-COVID symptoms - results review of our center research

**15. Ilić Iva**

Poremećaj hepatograma kod pacijenata sa povišenim indeksom telesne mase  
Hepatogram disorder in patients with increased body mass index

**16. Ivaniš Nikola**

Lečenje gastritisa izazvanog bilijarnim refluksom  
Treatment of bile reflux gastritis

# SPISAK PRIHVAĆENIH APSTRAKATA

**17. Janković Katarina**

Kliničke i patološke karakteristike ranog kolorektalnog karcinoma - iskustva našeg centra  
Clinical and pathological features of early-onset colorectal cancer - experience from our centre

**18. Janković Katarina**

Adenokarcinom debelog creva sa enteroblastičnom diferencijacijom – dijagnostički izazov retkog zloćudnog tumora  
Colon adenocarcinoma with enteroblastic differentiation – diagnostic challenge of a rare malignancy encountered in clinical practice

**19. Janković Katarina**

Nalazi gornje endoskopije kod bolesnika sa porodičnom adenomatoznom polipozom  
Upper endoscopy findings in patients with familial adenomatous polyposis

**20. Janjić Nebojša**

Inflamatorni indeksi kao rani prediktori težine akutnog pankreatitisa  
Inflammatory indices as early predictors of acute pancreatitis severity

**21. Janjić Nebojša**

Povezanost HLA-DQA1\*05 alela sa razvojem antitela kod bolesnika sa inflamatornim bolestima creva lečenih anti-TNF terapijom  
Association of HLA-DQA1\*05 allele with antibody development in patients with inflammatory bowel diseases treated with anti-TNF therapy

**22. Jovanović Jelena**

Ciljane biopsije fokalnih promena u jetri – iskustva iz tercijarne ustanove  
Targeted biopsies of focal lesions in the liver - experience from a tertiary institution

**23. Jovičević Miloš**

Reaktivacija tuberkuloze kod bolesnika sa ulceroznim kolitisom lečenog biološkom terapijom  
Reactivation of tuberculosis in patients with ulcerative colitis treated with biological therapy

**24. Kartal Marko**

Gastrointestinalne manifestacije sistemskog eritemskog lupusa – prikaz slučaja  
Gastrointestinal manifestations in patient with systemic lupus erythematosus: a case report

**25. Kiković Petar**

Kvantitativna ultrasonografija kod bolesnika sa MASLD  
Quantitative ultrasonography in patients with MASLD

**26. Kiurski Stanimir**

Analiza kvaliteta života kod bolesnika sa divertikularnom bolešću creva  
Analysis of quality of life in patients with diverticular bowel disease

**27. Kiurski Stanimir**

Savremeni pristup u lečenju pacijenata sa sindromom kratkog creva kod Kronove bolesti – prikaz slučaja  
A modern approach in the treatment of patients with short bowel syndrome in Crohn's disease - a case report

**28. Klisić Aleksandra**

Proteinski produkti napredne oksidacije i visokosenzitivni C-reaktivni protein kao nezavisni prediktori nealkoholne masne bolesti jetre u adultnoj populaciji  
Advanced oxidation protein products and high sensitivity C-reactive protein as independent predictors of non-alcoholic fatty liver disease in the adult population

**29. Knežević Ivanovski Tamara**

Da li prethodna anti-TNF terapija ima uticaja na koncentraciju Vedolizumaba?  
Does previous anti-TNF therapy have an effect on Vedolizumab concentration?

**30. Knežević Ivanovski Tamara**

Iskustva Nacionalnog Referentnog Centra za inflamatorne bolesti creva KBC Zvezdara sa neželjenim dejstvima na anti-TNF terapiju  
Experiences of the National Reference Center for Inflammatory Bowel Diseases KBC Zvezdara with adverse effects of anti-TNF therapy

**31. Kocić Marija**

Strano telo u jednjaku – crveni alarm, prikaz slučaja  
A foreign body in the esophagus - red alert, case report

**32. Korica Bojan**

Da li su 'old-fashioned' klinički skorovi u hepatologiji dovoljno dobri za procenu mortaliteta u jedinicama intenzivnog lečenja kod bolesnika sa akutizacijom hronične bolesti jetre – iskustvo jednog centra  
Are 'old-fashioned' clinical scores in hepatology good enough in acute-on-chronic liver failure intensive care unit mortality prediction - single center experience

## LIST OF ACCEPTED ABSTRACTS

---

### 33. Kovačević Tasić Aleksandra

Prikaz pacijenta sa ascitesom kao jedinom manifestacijom karcinoma želuca  
Presentation of a patient with ascites as the only manifestation of gastric cancer

### 34. Kozomora Slađana

Ispitivanje učestalosti detekcije adenoma u tercijarnom zdravstvenom centru  
Examination of the frequency of adenoma detection in a tertiary health center

### 35. Kralj Đorđe

Incidenca latentne tuberkuloze kod pacijenata sa inflamatornim bolestima creva u Referentnom IBD Centru „Zvezdara“  
The incidence of latent tuberculosis in patients with inflammatory bowel diseases in the Reference IBD Center "Zvezdara"

### 36. Kralj Đorđe

Primena lipozomalnog gvožđa u terapiji anemije kod pacijenta sa inflamatornim bolestima creva  
Liposomal iron in the treatment of anemia in patients with inflammatory bowel diseases

### 37. Ležakov Ognjen

Značaj farmakogenetike u planiranju terapije inflamatornih bolesti creva kod dece  
The importance of pharmacogenetics in inflammatory bowel diseases therapy planning in children

### 38. Lolić Iva

Stečeni i rešeni dvostruki pilorus: kliničke i endoskopske karakteristike tokom četrnaestomesečnog praćenja  
Acquired & resolved double pylorus: clinical & endoscopic characteristics during a fourteen-month follow-up

### 39. Lugonja Sofija

Prikaz serije slučajeva tri bolesnika sa akcidentalnim nalazom polipa terminalnog ileuma  
Three patients with a polyp of terminal ileum as an accidental finding – a case series

### 40. Lukić Miloš

Kvalitet života kod pacijenata sa upalnom bolešću creva na biološkoj terapiji u Crnoj Gori pre i u toku Covid-19 pandemije  
Quality of life in patients with inflammatory bowel disease on biological therapy in Montenegro before and during the Covid-19 pandemic

### 41. Magdenović Marko

Uticaj tajminga holecistektomije nakon endoskopske retrogradne holangiopankreatografije na ishode lečenja holeritijaze sa hloedoholitijazom – retrospektivna analiza  
The influence of the timing of cholecystectomy after endoscopic retrograde cholangiopancreatography on the outcomes of treatment of cholelithiasis with choledocholithiasis – a retrospective analysis

### 42. Maksimović Jasmina

Sindrom sličan Abernatijevom sindromu - prikaz slučaja  
Abernathy-like syndrome - a case report

### 43. Malenković Ana

Uključivanje doktora na obuci ne utiče na kvalitet kolonoskopije – iskustvo jednog centra  
Trainee involvement does not affect quality in colonoscopy- single-center experience

### 44. Marinković Milica

Sindrom sistemskog inflamatornog odgovora i gastrointestinalno krvarenje kod pacijenata sa cirozom jetre na terenu etilizma  
Systemic inflammatory response syndrome and gastrointestinal bleeding in patients with alcoholic liver cirrhosis

### 45. Marković Srđan

Inovativni terapijski pristup matičnim ćelijama (darvadstrocel) u lečenju perianalnih fistula u Kronovoj bolesti  
An innovative stem cell therapeutic approach (darvadstrocel) in the treatment of perianal fistulas in Crohn's disease

### 46. Marković Srđan

Telemedicina - prihvatljiv način zbrinjavanja bolesnika sa IBD-om – update  
Telehealth - environment friendly way to take care of IBD patients – update

### 47. Martinov Nestorov Jelena

Uloga endoskopske video kapsule u evaluaciji pacijenata sa sumnjom na bolesti tankog creva  
- 10 godina iskustva jednog centra  
The role of video capsule endoscopy in the evaluation of patients with suspected small bowel diseases  
- 10 years single center experience

### 48. Matović Zarić Vera

Elektrokardiografske promene kod pacijenata sa cirozom jetre - šta tražiti?  
Electrocardiographic changes in patients with liver cirrhosis - what to look for?

# SPISAK PRIHVAĆENIH APSTRAKATA

### 49. Milić Aleksandar

Potencijalna uloga veštačke inteligencije u odabiru modaliteta biološke terapije kod bolesnika sa inflamatornim bolestima creva  
The potential role of artificial intelligence in the selection of biological therapy modalities in patients with inflammatory bowel diseases

### 50. Milinković Darinka

Možemo li predvideti bakterijski holangitis kod bolesnika sa PSC-om?  
Can we predict bacterial cholangitis in patients with PSC?

### 51. Milivojević Vladimir

Analiza epidemioloških i kliničkih parametara kao potencijalnih prediktora razvoja Helicobacter pylori infekcije  
Analysis of epidemiological and clinical parameters as potential predictors of the development of Helicobacter pylori infection

### 52. Milivojević Vladimir

Eradikacija Helicobacter pylori infekcije: u potrazi za adekvatnom drugom linijom terapije  
Helicobacter pylori infection eradication: in pursuit of adequate second therapy line

### 53. Milivojević Vladimir

Evaluacija efikasnosti prve linije terapije Helicobacter pylori infekcije: iskustva iz kliničke prakse  
Evaluation of the efficacy of the first-line therapy for Helicobacter pylori infection: clinical practice experience

### 54. Milivojević Vladimir

Evaluacija odnosa CYP450 polimorfizma i eradikacije Helicobacter pylori infekcije  
Evaluation of the relationship between CYP450 polymorphism and eradication of Helicobacter pylori infection

### 55. Milivojević Vladimir

Genetička osnova rezistencije Helicobacter pylori na klaritromicin i fluorohinolone  
Genetic patterns of Helicobacter pylori resistance to clarithromycin and fluoroquinolones

### 56. Milivojević Vladimir

Izazovi u lečenju Helicobacter pylori infekcije: antibiotska rezistencija  
Challenges in the treatment of Helicobacter pylori infection: antibiotic resistance

### 57. Milivojević Vladimir

Ko-egzistencija sa gljivicama kao uzrok neuspeha eradikacije Helicobacter pylori infekcije  
Co-existence with yeasts as a cause of Helicobacter pylori infection eradication failure

### 58. Milivojević Vladimir

Učestalost Helicobacter pylori infekcije i antibiotska rezistencija kod bolesnika sa akutnom dekompenzacijom jetre  
Frequency of Helicobacter pylori infection and antibiotic resistance in patient with acute liver decompensation and ACLF (acute on chronic liver failure)

### 59. Mitrović Bojan

Ultrasonografski stepen steatoze jetre kod pacijenata sa nealkoholnom masnom bolesti jetre sa i bez dijabetes melitusa tipa 2  
Ultrasonographic grade of hepatic steatosis in patients with nonalcoholic fatty liver disease with and without type 2 diabetes mellitus

### 60. Mitrović Miloš

Uticaj primene sinbiotika na stepen steatoze jetre i sastav crevnog mikrobioma pacijenata sa nealkoholnom masnom bolešću jetre - randomizovana, dvostruko-slepa, placebom kontrolisana studija  
The effect of synbiotic administration on the degree of hepatic steatosis and the composition of the gut microbiome in patients with nonalcoholic fatty liver disease - a randomized, double-blind, placebo-controlled study

### 61. Nagorni Ivan

Uznapredovali kolorektalni adenomi. Iskustva jednog centra  
Advanced colorectal adenomas. Experiences of one center

### 62. Nikolic Andreja

Novi odnos koji određuje glukokortikoidni odgovor u akutnom teškom ulceroznom kolitisu  
Novel ratio determining glucocorticoid response in Acute Severe Ulcerative Colitis

### 63. Odanović Olga

Prevalencija sindroma nervoznog creva kod bolesnika sa zapaljenskom bolešću creva u remisiji – iskustvo referentnog IBD centra  
Prevalence of irritable bowel syndrome in patients with inflammatory bowel disease in remission – referral IBD center experience

### 64. Pantelić Maša

COVID-19 infekcija kod pacijentkinje sa cirozom jetre etilične etiologije – prikaz slučaja  
COVID-19 infection in a patient with ethylic liver cirrhosis - case report

# SPISAK PRIHVAĆENIH APSTRAKATA

Trend i ishod hospitalizacija zbog hroničnih bolesti jetre pre i tokom pandemije bolesti izazvane korona virusom – ima li razlike?  
Hospitalization trends and outcomes due to chronic liver diseases before and during coronavirus pandemic – are there any differences?
- 68. Pejić Nina**  
Uticaj transplantacije jetre na kvalitet života  
Impact of liver transplantation on quality of life
- 69. Petrović Gordana**  
Značaj PNPLA3 polimorfizma kao faktora rizika razvoja NASH i fibroze  
Significance of PNPLA3 polymorphism as a risk factor for the development of NASH and fibrosis
- 70. Petrović Zoran**  
Personalizovana medicina u digestivnoj onkologiji – primena sistemske hemioterapije bazirane na gemcitabinu u terapiji uznapredovalog/metastatskog karcinoma pankreasa  
Personalized medicine in digestive oncology - application of gemcitabine-based systemic chemotherapy in the treatment of advanced/metastatic pancreatic cancer
- 71. Petrović Zoran**  
Personalizovana medicina u digestivnoj onkologiji - terapija pacijenata sa braf mutiranim metastatskim kolorektalnim karcinomom- retrospektivna analiza  
Personalized medicine in digestive oncology - therapy of patients with braf mutated metastatic colorectal cancer - a retrospective analysis
- 72. Plečić Nemanja**  
Zbrinjavanje perforacija povezanih sa ERCP-om – iskustvo jednog centra  
Management of ercp-related perforations- a single center experience
- 73. Radoman Vujačić Irena**  
Prevalencija gastrointestinalne disfunkcije kod pacijenata sa multiplom sklerozom  
Prevalence of gastrointestinal dysfunction in patients with multiple sclerosis
- 74. Rančić Andrija**  
Uticaj suplemenata gvožđa na korekciju anemije kod pacijenata obolelih od karcinoma želuca različitog histološkog tipa  
The effect of iron supplementation on the correction of anemia in patients with gastric cancer of different histological types
- 75. Sagdati Sabir**  
Primarni melanom rektuma – prikaz slučaja  
Primary rectal melanoma- case report
- 76. Savić Željka**  
Tromboza vene porte kod bolesnika sa cirozom jetre  
Portal vein thrombosis in patients with liver cirrhosis
- 77. Spasić Smiljana**  
Wilsonova bolest kao imitacija NASH-a na biopsiji jetre  
Wilson's disease mimicking NASH on liver biopsy
- 78. Spirić Jelena**  
Procena mišićne mase kod bolesnika sa zapaljenskim bolestima creva u remisiji na biološkoj terapiji  
Assessment of muscle mass in inflammatory bowel disease patients in remission on biologic therapy
- 79. Stanović Andela**  
Refraktarna celijačna bolest tip 1 – terapijski izazov  
Refractory celiac disease type 1 therapeutic challenge
- 80. Stojanović Miloš**  
Efekat primene terapijskih flebotomija kod bolesnice obolele od hemohromatoze – nestrpljenje ili neuspeh?  
The effect of the application of therapeutic phlebotomies in a patient with hemochromatosis - impatience or failure?

PROBIOTIK U SRBIJI\*

PROnašli smo jedni druge, PROširili smo porodicu,  
PRObali šta možemo zdravije i bolje.  
PROšle su dve decenije, PROšlost nam pokazuje budućnost.

PROslavljamo 20 godina  
i PROdužavamo zajedno

## GASTROENTEROLOGY

Gastrointestinalne (GI) bolesti mogu biti izuzetno teške i složene, time otežavajući i menjajući svakodnevni život pacijenata.

Zato je farmaceutska kompanija Takeda posvećena poboljšanju života pacijenata kroz inovaciju u terapijama i savremene programe podrške pacijentima.

Takeda je vodeća globalna kompanija u oblastima gastroenterologije kao što su zapaljenske bolesti creva (IBD), sindrom kratkog creva (SBS-IF), poremećaji motiliteta creva, kao i bolesti

povezane sa gastroezofagealnom refluksnom bolesti (GERB).

Naš istraživački i razvojni tim takođe istražuje inovativne terapije u oblasti celijakije, uznapredovalih bolesti jetre i mikrobiomske terapije. Težimo da razumemo uzroke ovih bolesti i razvijemo terapije koje mogu da unaprede život pacijenata koji imaju ovakve tegobe, i da kroz svoju tradiciju posvećenosti zdravlju dužu od 240 godina, stvorimo bolju i svetliju budućnost za ljude širom sveta putem inovacija i progressa u medicini.
